## WHY ATTEND?

**NEW INSIGHT:** The 2019 North American Automotive OEM-Tier 1 Supplier Working Relations Index Study for the first time will include year-end financial data for all six OEMs which will help demonstrate the correlation between working relations and financial performance.

Attend and learn...

- Which OEMs are improving their relations with suppliers and which are falling behind
- How OEMs are improving relations; what programs and policies are they embarking on
- How OEM cost-cutting programs affect supplier relations
- How electrification and autonomous vehicle programs are impacting traditional suppliers
- What strategies suppliers should consider when working with OEM purchasing teams
- How supplier relations directly impact the bottom line – for both OEMs and suppliers

Thanks to the OEM Participants

**HONDA**

FIAT CHRYSLER AUTOMOBILES

**TOYOTA**
